Dear Sirs:

In response to the Corrected Filing Receipt mailed December 22, 2005, Applicant kindly requests clarification regarding the statement printed on the Corrected Filing Receipt which indicates the Domestic Priority data as claimed by the applicant is not consistent with PTO Records.

On February 18, 2005, Applicant filed a Preliminary Amendment requesting the specification of the application be amended to include a Related Application section that stated "This application is a continuation-in-part of Application No. 10/126,623, filed on 22 April 2002, and a continuation-in-part of Application No. 10/319,475, filed on 16 December 2002." Based on the Preliminary Amendment, the Filing Receipt should indicate that Application No. 10/126,623 filed 22 April 2002 is a continuation-in-part of the above-identified patent application. A copy of the Preliminary Amendment as originally filed is enclosed for reference.

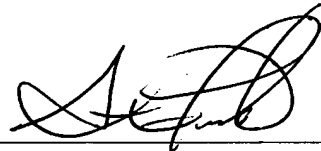

The Applicant believes the information on the filing receipt to be accurate, and kindly requests the issuance of a Corrected Filing Receipt which removes the statement “(*) Data provided by applicant is not consistent with PTO records” if it is determined that this notification was in error. If a Corrected Filing Receipt is not issued, Applicant requests further information as to why the information is not consistent with PTO Records, to assist the Applicant with remedying situation.

Respectfully submitted,
